ICRIME-2023
20th May 2023

**International Conference
On
“Recent Innovation
in
Mechanical Engineering”**

R R Institute of Technology, setup with a mission of imparting education to all sections of society, was established in the year 2008 to render highest standards of academic achievement with moral and social commitments. Converting the idea of providing high quality education combined with excellent infrastructure into a reality in Indian context.

R R Institute of Technology has proved its capability of placing students after completing their courses in prestigious organizations across the country and abroad. Generating a synergistic relationship with the industry with a long term view where the college and the industry could have a mutually beneficial relationship, it aims a rigorous, relevant and rewarding education with a special emphasis on practical and technical inputs. Ideally located away from the huzzle and buzzle of this Bangalore city.

R R Institute of Technology spread across 2.7 acres with lush green gardens, for getting a peaceful and serious learning atmosphere. Bangalore, a leading educational centre and one of India's most vibrant, cosmopolitan cities, is well connected by road, rail, and air to the rest of the nation and abroad. Bangalore has emerged as a high tech hub of India with tech parks and enormous job opportunities for students.

About Conference

This conference is a premier platform for the participants from the academia, industry UG/PG students, Research organizations to present new advanced and research results in the respective fields. The role of conference is to provide scientific and Engineering community with a resource dedicated to publishing high quality technical articles.
