About the College and the Departments:

Arulmigu Arthanareeswarar Arts and Science College, Tiruchengode, was established in 2021 with four undergraduate programmes - B.B.A, B.C.A., B. Com., and B. Sc. CS - along with the certificate courses in Saiva Ilakkiyam & Kalvetiyal. The college is affiliated to Periyar University, Salem, and functions as a self-financing, co-educational institution under the administration of the Arulmigu Arthanareeswarar Temple, HR & CE Department, Government of Tamil Nadu. With a student strength of around 400, the institution is committed to fostering academic excellence, holistic development, skill enhancement, creativity and social responsibility among its students by providing opportunities to develop their intellectual, professional, cultural, and interpersonal abilities through academic and co-curricular activities.

The academic departments and the Library actively engage students through vibrant forums and clubs that complement classroom learning and contribute to their overall development, including the Department of Tamil's Arthanareeswarar Tamizh Peravai, the Department of English's English Literary Phrontistery Forum (ELPF), the Department of Mathematics' Math X change Forum and the Library's Readers' Club. Through seminars, workshops, literary and academic activities, competitions, discussions, and other student-centered initiatives, these forums strive to enrich students' learning experiences and prepare them to meet the evolving demands of higher education, employment, and society.

About the Conference:

Artificial Intelligence, technological innovation and sustainable development are increasingly shaping the future of education, research, society, culture, industry, and human life. Their influence extends beyond disciplinary boundaries, creating a need for meaningful dialogue among researchers, academicians, professionals, students, policymakers, and practitioners from diverse fields. The international conference on **"Reimagining the Future: Interdisciplinary Perspectives on Artificial Intelligence, Innovation and Sustainable Development"** provides a multidisciplinary platform to explore emerging developments, opportunities, challenges, and responsible practices associated with Artificial Intelligence and Innovation in the context of sustainable development.

Jointly organised by the **Departments of Tamil, English, Mathematics, and Library**, the conference seeks to bring together perspectives from the humanities, languages, mathematical sciences, information science, social sciences, education, technology, and allied disciplines. It encourages participants to examine how AI-driven transformation and innovative practices can contribute to inclusive, ethical, equitable, and sustainable futures.

Objectives of the Conference:

The conference aims to:

- Explore AI's impact on education, research and society
- Promote Interdisciplinary collaboration in AI & Sustainable Development
- Examine AI applications across academic disciplines
- Encourage ethical, responsible, and human-centered AI
- Advance solutions aligned with the UN SDGs
- Provide a platform for researchers to share ideas & findings
- Strengthen academic and professional networks
